

# AI ToolKit – Persona: Language Learner

---

## Profile

Name: Maria Gonzalez

Age: 26

Occupation: Research Assistant

Location: Madrid, Spain

## Background

Maria is learning English and frequently reads multilingual research content. She prefers interactive, audio-supported tools to improve comprehension and pronunciation.

## Goals

- Practice pronunciation consistently
- Translate unfamiliar vocabulary instantly
- Improve listening skills
- Enhance language comprehension

## Pain Points

- Difficulty understanding pronunciation
- Switching between multiple learning apps
- Slow language progress
- Limited interactive tools

## How AI ToolKit Helps

- Text-to-Speech improves listening practice
- Language Translator supports vocabulary building
- Voice Translator enables conversational learning
- Summarizer simplifies complex research texts
